

More Than I Planned

Patricia W. Felker

**Lord, You are to me, more than I could have conceived
on my own, You make me want to sing.....
Lord, You let me know, more than I thought possible
You just keep Your love flowing deep and wide
And I can't explain this peace I have inside**

Refrain **You are bigger than the universe
Small enough to hold my hand
You are truer than my fav'rite verse learned from Your word
More than I planned
You are nearer than my mind can reach
Further than the grasp of man
Whoa, You're more than I planned, More than I planned**

**You have given in ways that, more than once, left me amazed
So inspired, You make me want to praise You
You have worked seamlessly
More than once, You've rescued me
You were holding me with a Father's care
Even when my foolish heart was unaware**

Refrain

**How could I belong to this Love Divine?
You've brought me home where Your love shines all the time**

Refrain
