

It's Not Over

Vivian Moore

(Verse 1)

**Sweat was pouring down
His anguish they could see
Angry men would lead him
Up to Calvary
Nails held down his hands
To man's own cruel cross
What'd become of the One
Born to pay the cost?**

(Chorus)

**Somewhere in the atmosphere
Somehow, you could hear
Son, have no fear
It's not over
It's not over**

(Verse 2)

**When he breathed his last
They lay His body down
Yet in the morning dew
He could not be found**

(Repeat chorus)

Bridge:

**Jesus seemed defeated
But, God's plan was completed
Now Christ is seated
At God's right hand**

(Repeat Chorus)

**It's not over
It's not over**
